

Model 3280 - Premium Series 1/2 HP Belt Drive

This premium garage door opener offers 1/2 HP belt drive operation with a one-piece solid steel trolley assembly. The rail is offered in 7', 8' and 10' lengths to ensure adequate open position of your garage door. The opener is set up for two lights with automatic light time delay.

Standard Features:

- Available for 7', 8' and 10' high doors
- 1/2 HP premium heavy-duty motor
- One-piece solid steel T-rail with automatic belt tensioner on trolley
- Enhanced belt drive system engineered for more secure belt grip
- Features our patented Motor Vibration Isolation System (MVIS®) for quiet operation
- Includes the Smart Garage Door Opener® - lets you electronically program security codes from the multi-function control panel or the powerhead
- Quick-Connect™ terminals for faster wire installation
- 200 watts of light with adjustable light time delay; dual non-yellowing hinged light lenses allows for easy bulb replacement (light bulb not included)

Included Accessories:

- Security+® 3-Button Remote Control
- Multi-Function Control Panel

Safety Features:

- Includes The Protector System® - projects an invisible light beam across the garage door opening and automatically reverses the door if anything interrupts the beam while door is going down
- Equipped with PosiLock® - stops intruders by securely locking the garage door when it is down
- Manual release handle in case of power failure

Warranty:

- Lifetime motor and belt warranty
- 1-year parts warranty
