

Engineered for Safety

Pentalift LED Dock Light

Pentalift LED dock light offers simple and proven design with all the benefits of LED functionality, including significant energy efficiency and superior lighting volume and visibility for the dock attendant inside the truck. Polycarbonate head illuminates trailer interiors with focused, cool white light while providing energy efficient illumination in a durable package that withstands harsh loading dock environments.

Pentalift LED Dock Light Design Features

- Polycarbonate construction
- Uses 14 watts, 80% less energy than incandescent or halogen bulbs
- No fragile filament to break, no shattered glass to sweep up
- Instantly achieves maximum light intensity
- Cool to the touch, ideal for refrigerated & food service applications
- LED modules have 5-Year Warranty
- UL, cUL and CE listed for safe operation
- Field repairable
