

# Styleview | Aluminum Sectional Door

## Custom Profile

An ideal complement to modern, conventional and rustic styles, the Custom Profile model is a 2" thick rail and stile door with a standard joint seal. Engineered for resilience and exceptional beauty, the Custom Profile model offers a maintenance-free alternative to steel and wood carriage house doors.

## Wide Profile

If you are looking for a heavy-duty door that will enhance your home's unique style or timeless architecture, the Wide Profile model is the answer. Designed for both strength and durability, the 2" thick Wide Profile door features rail and stile construction with a standard joint seal.

## Narrow Profile

Accented with a streamlined design, the Narrow Profile model is a 1-3/4" thick door with a ship lap section joint and standard joint seal. This model is a maintenance-free solution for your garage door needs. In addition, Narrow Profile doors feature architectural variation with multiple glass options for contemporary and traditional styles alike.
