OVERLAY BOARDS:

WEATHER THE ONTARIO CLIMATE.

Built to withstand year-round weather conditions, our doors have a continuous polyurethane insulated core, arctic-grade bottom seal, dual-seal section joints and double-fin perimeter weather-strip to help reduce air flow and lower your energy costs.

BUILT TO LAST.

Door sections are constructed from high-strength, rust resistant galvanized steel coated with a baked-on polyester paint finish, ensuring a durable and long-lasting door.

GREEN COMES STANDARD

Woodgrain embossing simulates real hardwood without depleting our forests. Northland's polyurethane is the densest in the garage door industry."
